

First Beats

Type each block of code, and press Run to hear how it sounds.

```
sample :drum_bass_hard
```

```
sample :drum_bass_hard  
sleep 0.5  
sample :drum_cymbal_closed  
sleep 0.5
```

```
sample :drum_bass_hard  
sleep 0.5  
sample :drum_cymbal_closed  
sleep 0.5  
sample :drum_bass_hard  
sleep 0.5  
sample :drum_cymbal_closed  
sleep 0.5
```

Bit too slow? Let's speed it up...

```
use_bpm 105  
sample :drum_bass_hard  
sleep 0.5  
sample :drum_cymbal_closed  
sleep 0.5  
sample :drum_bass_hard  
sleep 0.5  
sample :drum_cymbal_closed  
sleep 0.5
```

That's a lot of typing, can we use a loop?
